Aggreko Acquires 13 MW Behind-The-Meter Texas Solar Site

Aggreko ETS will oversee the construction, own, and operate the solar project in support of a Texas energy producer's effort to decarbonize operations through a long-term fixed-price power

Solar power as rental offer launched by Aggreko to deliver cost and

"Aggreko Solar Power is designed for ease of deployment both in physical terms, thanks to relatively quick off-grid implementation, as well as financial, with no requirement of significant

Aggreko powers up with solar acquisition. , USA Solar Cell

Aggreko's Expansion in the Solar Power Sector With the acquisition of Infiniti Energy, Aggreko ETS aims to leverage its global scale, financial strength,

Grid scale solar and storage solutions , Aggreko EN

Grid scale solar and storage Delivering energy resilience As the global energy market transitions, our grid scale solar and storage solutions provide the perfect

Power & climate control rentals , Aggreko US

Discover Aggreko's power & climate control rentals which include industrial generators, chillers, cooling towers & other temporary industrial utility solutions.

Huawei and Aggreko to deploy Brazil's largest battery storage project

Huawei Digital Power and Aggreko have won Brazil's largest battery storage contract, deploying 110 MWp of solar and 120 MWh of BESS across 24 sites in Amazonas.

Huawei and Aggreko win Brazil's largest battery storage contract, will

Huawei and Aggreko win Brazil's largest battery storage contract, will replace diesel in the Amazon Solar microgrids with 110 MWp and 120 MWh of BESS across 24 locations in Amazonas

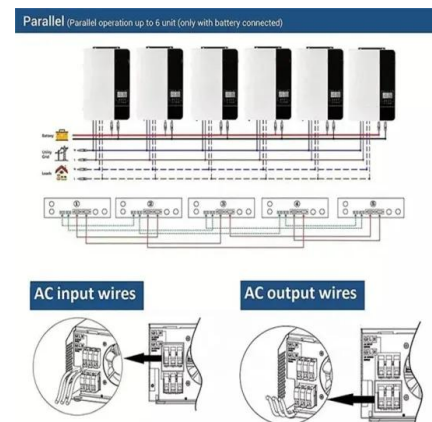

Aggreko Energy acquires C&I solar developer

Aggreko Energy Solutions, a utility-scale and distributed solar and storage developer, owner, and operator announced it has acquired commercial and industrial solar developer Infiniti

Huawei to power Brazil's largest battery project

Huawei's batteries will run alongside solar plants set up in microgrids across Brazil's Amazonas state, in order to diversify Aggreko's power supply in the region away from polluting

Senior Energy Analyst at Aggreko

We're the global leader in providing energy solutions that help businesses grow and communities thrive. We work as a team and we're proud of the difference we make to customers, to local communities,

Gas company opts for solar and battery to support operations

United Kingdom-headquartered energy solutions company Aggreko has commenced construction of a hybrid power station that includes a planned 17 MW solar farm and 8.4 MVA / 16

Aggreko Acquires Infiniti Energy to Enhance Solar and Storage

Aggreko Energy Solutions, a prominent utility-scale and distributed solar and storage developer, owner, and operator, has announced the acquisition of commercial and industrial solar

China's Huawei and UK's Aggreko to develop storage system project

China's Huawei [RIC:RIC:HWT.UL] will sell batteries to British business Aggreko for a renewable energy project in Brazil's Amazon region, in what is expected to become the country's

Work begins on hybrid power station for Surat Gas Project

Once operational in 2027, the hybrid power station will be fuelled by a mix of gas, solar, and battery storage. It is expected to supply up to 186GWh of electricity each year, with approximately 20%

Aggreko's gas and renewables to power Arrow Energy's northern

Once operational in 2027, the power station is expected to supply up to 186 gigawatt hours of electricity each year, with approximately 20 per cent generated from solar. Global energy solutions provider
