### Battery Management System

It can monitor the battery status in real time, manage the on-board power battery, enhance the efficiency of the battery, prevent the battery from being overcharged and overdischarged, and improve the

### SmartSolar MPPT 150/35 and 48V battery with BMS

I bought a SmartSolar MPPT 150/35 unit, and I want to hook it up to a 48V battery that has an active BMS installed (DGJBD DB24SF01). The BMS data can be seen by connecting it to a

### Lithium battery security , MotorhomeFun

I however had full access to his battery's BMS. I dunno what level of anti-tamper protection the average BMS has but it seems that DGJBD's are woefully inadequate. I'd be
