Inobat Auto , Inobat Auto

InoBat specialises in the pioneering research, development, manufacture, and provision of premium innovative electric batteries custom-designed to meet the specific requirements of global mainstream

Exclusive: China's Gotion buys 25% stake in Slovak EV battery startup

Chinese battery maker Gotion High Tech is buying a 25% stake in Slovak battery maker Inobat and will provide supply chain and technology support as the startup scales up production of

InoBat: Construction begins on first-of-its-kind electric vehicle

Construction has today begun on a first-of-its-kind electric vehicle (EV) battery R& D centre and pilot line in Slovakia, integrating proprietary R& D activities together with battery cell

InoBat Auto tests battery assembly and cell production in the USA

Slovakian battery company InoBat Auto and US electric vehicle specialist Ideanomics are planning a three-stage battery development and production project in the US state of Indiana. +

Inobat Batteries , Data from About:Energy

Identify the best battery cells for your application with precision. Compare SOC range, voltage, heat generation, and energy throughput using our advanced metrics--or define your own.

World's first 'intelligent' electric vehicle battery unveiled by

The world's first 'intelligent' electric vehicle battery was today launched to the world by European EV battery producer, InoBat Auto (InoBat) in a groundbreaking announcement delivered by

Slovak startup InoBat launches battery for military drones

LONDON (Reuters) -Slovak startup InoBat plans to launch a battery designed for military drones and unmanned aerial systems, it said on Monday, as it responds to an upsurge in European defence

Tests show InoBat Auto batteries beat the competition in range and

The batteries made by InoBat Auto were compared with an industrialised battery that is currently used in several premium vehicles. InoBat batteries have achieved better results in terms of

InoBat

InoBat is a European technology leader in advanced battery solutions. We combine intellectual property, cutting-edge research, and vertically integrated manufacturing to help address Europe's critical

InoBat scores lithium-silicon battery deal with Group14

Slovakia's battery specialist InoBat announces cooperation with Group14 Technologies, a supplier of lithium-silicon battery materials based in the US. The partners say they will produce

Slovak startup InoBat launches battery for military drones

By Nick Carey LONDON (Reuters) -Slovak startup InoBat plans to launch a battery designed for military drones and unmanned aerial systems, it said on Monday, as it responds to an

InoBat launches world's first 'intelligent' battery cell for

InoBat Auto, from Slovakia, presents what it claims is the world's first "intelligent" battery cell for electric vehicles. And not only that, the company says

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5

InoBat Auto: World-First Battery Customization for Electric Vehicles

After one year of design and development, Slovakia-based company InoBat Auto recently unveiled its Gen1 lithium battery, which is reportedly the first electric vehicle (EV) battery created with

3000mAh For iRobot Roomba Battery i7 e6 7550 e5152 e5154 ABL

(?Widely Compatible?for iRobot Roomba i7 i7+ 7150 7550 i3 i3+ 3150 3550 i4 i4+ 4150 i7158 i7550 i755020 i7558 e5 e5150 e515020 e5152 e5154 e5158 e515840 e6 e6198 e619820, etc.). For iRobot
