Blackstone, Arevon, and Rosendin Secure Funding for 200MW Condor Energy

The funding for the 200MW/800MWh Condor Energy Storage Project for Southern California Edison (SCE), a major investor-owned utilities in California, has been secured by

Home , BESS Germany

Battery Energy Storage Systems (BESS) are technologies that store electrical energy in batteries, to be released later as required. These systems play an important role in energy transition and are often

Arevon Celebrates the Start of Operations at its Condor Energy

Condor marks Arevon's third operational utility-scale energy storage project in California, representing more than 400 megawatts of capacity and strengthening its position as a leading solar

Top 17 Battery Energy Storage Systems (BESS) Companies in 2025

Explore the Top 17 Battery Energy Storage Systems (BESS) companies of 2025, including Fluence, LG Energy Solution, Samsung SDI, Hitachi ABB Power Grids, TotalEnergies,

CPUC Approves Energy Storage Contracts for SCE

The contracts are with AES (Alamitos BESS II) for 82 MW; Calpine (Santa Ana III) for 40 MW; LS Power (Gateway) for 75 MW; Tenaska/Falcon Energy (Condor) for 200 MW; and

Battery energy storage systems (BESS)

Battery energy storage systems (BESS) play a decisive role in the stabilisation of electricity grids and the integration of renewable energies. Electrical safety is of central importance to ensure the

Award of Merit, Energy/Industrial, Excellence in Safety: Condor BESS

Situated on a 10-acre site in Grand Terrace, this 200-MW/800-MWh battery energy storage system supplies electricity to around 150,000 homes for up to four hours during peak

The developing BESS market 2024

The developing BESS market 2024 Battery energy storage systems (BESS) are playing an increasingly integral role in the transition to a lower-carbon global economy. Below, we examine the state of the

Blackstone, Arevon Close \$350M Financing on Condor

The Condor BESS will feature Tesla's utility-scale Megapack 2 XL battery system. Tesla is also contracted to provide operations and maintenance services for the

Winning strategies for BESS (Battery energy storage systems)

As the electric grid grows more complex, battery-energy storage systems (BESS) are growing. Here's how developers can succeed in a rapidly evolving market.

Condor Battery Energy Storage Facility

The Project will consist of lithium-ion energy batteries installed on racks, inverters, switchgear, and other associated equipment to directly interconnect into the Southern California

Award of Merit, Energy/Industrial, Excellence in Safety: Condor BESS

Award of Merit, Energy/Industrial, Excellence in Safety: Condor BESS Situated on a 10-acre site in Grand Terrace, this 200-MW/800-MWh battery energy storage system supplies electricity
