

Energy storage projects

Energy storage projects

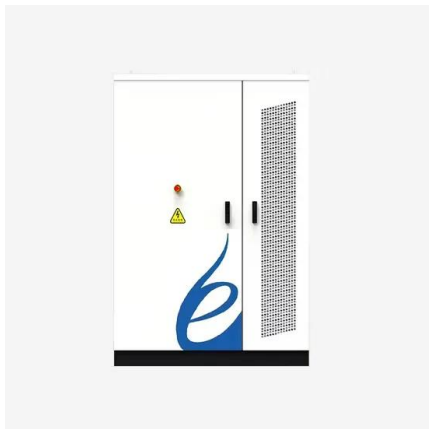

Top 5 Largest Upcoming BESS Projects in the World 2026

Discover the world's biggest battery storage projects of 2025, including BYD's 12.5 GWh system in Saudi Arabia, Greenergy's 11 GWh Atacama project, and more

NHOA Energy Announces Two Major MACSE Battery Projects

NHOA Energy, global provider of utility-scale energy storage systems, has been awarded two new Battery Energy Storage System (BESS) projects in Italy by a leading independent platform

Trina Storage, Gore Street Capital to deliver 12 GWh of new BESS

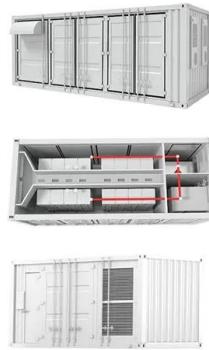

Trina Storage, Gore Street Capital to deliver 12 GWh of new BESS projects in Europe Trina Storage and Gore Street Capital are forming a new Europe-focused battery energy storage

Bimergen Energy Completes Acquisition of 79.2 MW of Late-Stage

Bimergen develops utility-scale and distributed storage projects designed to provide grid reliability, renewable integration, and flexible

energy solutions. Bimergen manages the full project

Energy Storage Systems (ESS) Testing and Certification

Our globally recognised expertise supports energy storage projects across Europe, North America, and Asia. Supporting customers and OEMs ESS manufacturers, battery and system integrators, utilities,

Larsen & Toubro secures 3000 MW Saidongar-1 pumped storage project

The Heavy Civil Infrastructure business vertical of Larsen & Toubro has secured the large order from Torrent Energy Storage Solutions (earlier known as Torrent PSH 3) for the construction

Canada's largest battery energy storage facility goes online

Amid increased discussion around how Canada will need to provide ever more electricity to power such things as artificial intelligence processing, the country's largest-ever battery energy storage

Lithium Market Forecast: Top Trends for Lithium in 2026

At the same time, the scale of energy storage projects is increasing rapidly. Giga-scale installations, defined as projects larger than 1 gigawatt-hour, are moving from novelty to norm.

TotalEnergies to sell 50% of 11 German battery projects to AllianzGI

TotalEnergies has agreed to divest a 50% stake in 11 battery storage projects in Germany, with a combined capacity ranging from 789MW to 1,628MWh, to Allianz Global Investors (AllianzGI).

TotalEnergies sells 50% stake in German battery storage projects to

French oil major TotalEnergies has sold a 50% stake in 11 battery projects under construction in Germany to Allianz Global Investors, the companies said on Tuesday, as interest

Wondering how energy storage helps your business?These 3

Wondering how energy storage helps your business?These 3 advantages make all the difference: ? Lower your electricity expenses ? Use more of your own solar power ? Keep operations running

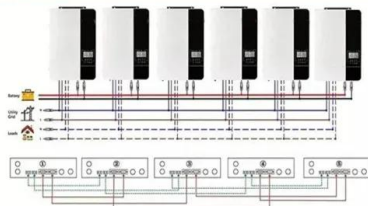

DOE mandates energy storage for new renewable plants

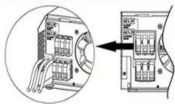

The Department of Energy (DOE) has mandated that developers of large-scale renewable power plants integrate energy storage systems into their facilities, a move intended to

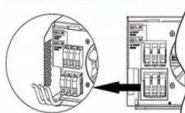

Parallel (Parallel operation up to 6 unit (only with battery connected))

AC input wires

AC output wires

World's 'largest' grid battery part of Google-Xcel Energy agreement

Form Energy will supply iron-air batteries for the 300 MW/30 GWh deployment, which the parties say will bolster Xcel's Upper Midwest grid with cost-effective multiday energy storage.

Avantus Closes Financing for Solar-Plus-Storage Project in Arizona

The project has a power purchase agreement with Arizona Public Service. Avantus said the 400-MWh battery storage system will support grid resilience by storing solar energy during the day,

Energy Storage News , Today's latest by Renewables Now

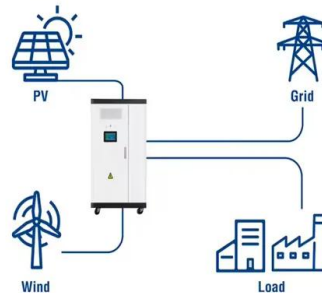

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy storage

Renewable Energy Solutions and Fortress Power Announce Exclusive

Together, Renewable Energy Solutions and Fortress Power are establishing a new standard for how commercial and industrial energy storage projects are engineered, integrated, and

Utility-Scale ESS solutions

2MW / 5MWh
Customizable

Revera Energy Reaches Financial Close for 400 MWh BESS Project

Revera Energy, an independent energy infrastructure solutions platform backed by global investment firm Carlyle, has closed project financing to construct the 200 MW/400 MWh Windyhill

Trina Storage celebrates 6 GWh of Storage projects in Europe

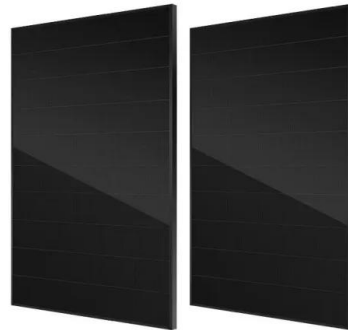

Trina Storage has secured over 65 projects in Europe since its first contract was signed in December 2020. Trina Storage, the global energy storage solutions provider and a business unit

RAI Energy Sells 75 MW Big River Energy Solar Plus Storage Project

RAI Energy, a Western U.S.-focused renewable energy development company, sold its Big River Energy project, comprising a 75 MWac solar photovoltaic system paired with a 300 MWh (4

Energy Storage Research , NLR

NLR researchers are designing transformative energy storage solutions with the flexibility to respond to changing conditions, emergencies, and growing energy demands--ensuring energy is

Winning strategies for BESS (Battery energy storage systems)

As the electric grid grows more complex, battery-energy storage systems (BESS) are growing. Here's how developers can succeed in a rapidly evolving market.

114KWh ESS

A strategic gas-to-power expansion in Nigeria

Miranghe Pela, CEO of Exusia Group, talks to The Energy Year about scaling Nigeria's gas-to-power and solar portfolios and preparing for a capital injection to fund growth into a utility-style

TODAY'S BEST THINKING ON MAXIMIZING THE VALUE,

Infocast's Energy Storage Finance & Investment conference convenes the full energy storage ecosystem -- bringing together the companies building, financing, optimizing and advising on

Trina Storage and Gore Street Capital partner in the EU Fund to

Gabriele Buccini, Head of Trina Storage Europe, said: "We are extremely pleased to be joining forces with Gore Street Capital to support the next generation of EU energy storage projects."
