OverviewHistoryCauses of the economic underdevelopment over the yearsTrade blocs and multilateral organizationsEconomic variants and indicatorsEconomic sectors and industriesSee alsoCitations

The economy of Africa consists of the trade, industry, agriculture, and human resources of the continent. As of 2019, approximately 1.3 billion people were living in 54 countries in Africa. Africa is a resource-rich continent. Recent growth has been due to growth in sales, commodities, services, and manufacturing. West Africa, East Africa, Central Africa and Southern Africa in particular, are expected to reach a combined GDP of \$
