Solar for everyone: a glimpse into Papua New Guinea's solar market

Bapng: What Are PNG's Plans to Help Reach A Zero Emissions Target?Bapng: Are There Any Policy Incentives to Reach That Target?Bapng: How Are You Educating The Population About The Benefits of Solar Energy?CL:This is a pretty significant weak spot in the government's energy strategy: PNG doesn't have tax breaks or incentives for the private sector to invest in emissions reduction. There is a duty-free component to importing solar equipment but no carbon price, tax credit or renewable energy target, which could drive investment. We see tariff reform f See more on businessadvantagepng Facebook
