Founded in 2008, Neoen opened its first power plant in France in 2009 and reached its breakeven point in 2011. In 2014, the company began its international development with the opening of three solar plants in Portugal: Seixal, Coruche and Cabrela. Cestas, the most powerful solar plant in Europe with 300 MWp, was opened in south-west France in 2015. In 2016 Neoen commissioned the largest solar park in Central America (101 MWp). The company's total capacity in operation or under construction exceeds
