?Please mind potential fire risk and strictly follow the instruction manual for charging and storage. For disposal, please check your local authority's website for more information and dispose of the lithium

Varstrom 52V Downtube Battery (YingWu) experiences?

20 Ah at 52v is plenty with pedaling on mostly flat routes. At 18-20 mph, I'm seeing similar power consumption on my Tsdz8 as when I had my 1000w hub, and with that, I had plenty left over
