Should You Sign Up for Community Solar?

While most Americans today back the transition to a cleaner power grid, not everyone can install solar panels on their homes. Fortunately, there are still other ways to champion renewable energy

Origis Energy Announces \$545 Million Financing For Texas Solar

Origis Energy, one of America's leading renewable energy platforms, today announced financial close of an approximately \$545 million senior secured project financing with Natixis

Third Blood Moon Landing Directly on Purim

ANALYSIS Another round of remarkable celestial signs is on display in 2026, following two "blood moons" in 2025, which coincided with major events unfolding in Israel and the Middle East.

Constant Energy and Shizen Energy signs Solar Power Purchase

THAILAND, May 9, 2023: Molten, a leading manufacturer of high-quality sports equipment and sporting goods recently signed a Solar Power Purchase Agreement with Constant Energy and

Sign Up for a Sunscription with US Solar

A Sunscription allows electric customers in one place to benefit from a solar project located somewhere else. When homes and businesses have a Sunscription to a Solar Garden, they can save.

Anker Solix C200 power bank now £99 in lowest ever Amazon deal

With a huge 60,000mAh capacity and 200W output, the Anker Solix C200 has dropped to its lowest ever price on Amazon - making it one of the best-value portable power banks for camping, travel and off

Meta signs PPA on 441-MW Texas solar project portfolio

Meta signed another PPA on Zelestra's Skull Creek Solar Plant in Texas in early February. Through Zelestra alone, Meta has PPAs for 1.2 GW DC of solar power supporting data

NASA's eclipse megamovie project releases full data on 2024 solar

On April 8, 2024, people across the world witnessed a solar eclipse, a relatively rare event in which the moon occults (blocks out) light from the sun. To capture this event, volunteers at

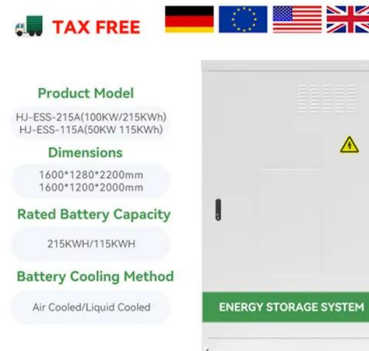

Arevon's 430-MW project increased Missouri's solar capacity by nearly

Arevon developed, built and will own and operate the Kelso Solar Project. The two-phase facility, Arevon's first utility-scale projects in Missouri, increased the state's solar capacity by nearly

Arevon Brings 430-MW Solar Farm Online in Missouri

An Arizona-headquartered energy development group announced the start of commercial operations for a 430-MW solar power installation in Missouri. Scottsdale-based Arevon said it

Croatia's largest solar power plant under construction near Sibenik

Construction has begun on Croatia's largest solar power plant in Promina near Sibenik. The EUR115 million project will feature over 300,000 panels and power nearly 90,000 homes by 2027.

Before You Sign a Community Solar Subscription Contract

o You can consider ways to save money on utilities and make energy-efficient improvements on your own before you sign up with a business or salesperson who makes money from signing you up for their

Gmail Login , How to Sign in to Gmail on Desktop & Mobile (2026)

Learn how to easily sign in to your Gmail account on desktop and mobile devices with this updated 2026 guide. Includes troubleshooting tips for common login problems.

Origis developing 413-MW West Texas solar portfolio

Origis Energy is slated to complete three solar projects totaling 413 MW in Ector County, Texas, this summer. The Rockhound Projects have received their final round of financing and will join

First Solar asks US to review alleged TOPCon patent infringement by

First Solar has filed a Sec. 337 investigation request with the U.S. International Trade Commission (ITC) on a swath of crystalline silicon panel competitors for allegedly infringing on First

Shrinking the carbon footprint of chemical manufacturing with lasers

Researchers have found a way to use solar energy to power a key chemical reaction that drives many manufacturing industries. This new method can significantly reduce the energy required

Interstellar Comet 3I/ATLAS captured speeding through the solar

Just three interstellar objects have ever been discovered passing through our solar system. And despite the scramble to observe it as it goes, Comet 3I/ATLAS remains very much a mystery.

SJS Enterprises Signs Deal to Source Wind Power from 27 MW

DB Renewables Private Limited entered into an agreement to supply up to 36,00,000 units of wind power annually to S.J.S. Enterprises Limited through its wind power plant.

ESA's Mars orbiters watch solar superstorm hit the red planet

What happens when a solar superstorm hits Mars? Thanks to the European Space Agency's Mars orbiters, we now know: glitching spacecraft and a supercharged upper atmosphere.

Vikram Solar Signs 2GW Solar Cell Order with Jupiter

Vikram Solar recently signed a domestic solar cell procurement agreement with Jupiter, under which it will purchase TOPCon and monocrystalline PERC cells compliant with India's ALMM

Nominal Capacity
280Ah
Nominal Energy
50kW/100kWh
