Solar Turbines is proud to introduce the Titan(TM) 350, the

Solar Turbines is proud to introduce the Titan(TM) 350, the latest member of the Titan family, with best-in-class efficiency and up to 40 MW of reliable power!

Solar Turbines on LinkedIn: CM20220318-18bf4-966d4

Solar Turbines is attending #GasTech2024! Join us at booth E167 to hear about our latest energy solutions for the oil and gas industry, including our Titan 350 gas

They grow up so fast! Take a look at this Titan 350, the

They grow up so fast! Take a look at this Titan 350, the largest and latest gas turbine in our lineup, next to the Saturn, the smallest. While both are used for a variety of applications, the

Gas Compressor Packages

Solar builds complete gas compressor packages that are ready to go to work in all gas compression and transmission applications, no matter where the job is. Solar designs and manufactures every

The legacy of the Titan gas turbine family continues with the Titan 350

The legacy of the Titan gas turbine family continues with the Titan 350. This engine is the culmination of decades of experience and represents the

TT-9482 SOLAR TURBINES TITAN 130 GAS TURBINE, YEAR 2005,

Scope of Supply Includes: Solar Titan(TM) 130 Gas Turbine, Solonox® Combustion System, Gearbox, Generator/Alternator, Control System, Auxiliary Systems, Gas Turbine Enclosure, Integrated

Titan 350

The Titan (TM) 350 is a world class highly efficient gas turbine designed for 35 MW mechanical drive applications. This product has robust design features based on the proud legacy of the Titan product

Solar Turbines' latest gas turbine engine, the Titan 350

Solar Turbines' latest gas turbine engine, the Titan 350, features best-in-class efficiency, hydrogen fuel capabilities and a robust design well suited for a variety
