## Solivus solar how much

---

### Solivus: Revenue, Worth, Valuation & Competitors 2025

Solivus Revenue & Valuation An estimated \$3.9M in revenue is attributed to Solivus each year. Per employee, Solivus is estimated to generate \$175.1K in revenue.

### SOLIVUS raised investment

Solivus is on a mission to power mega-buildings and homes with clean energy generated on-site using new thin-film solar, overcoming weight and aesthetic challenges. Solivus have a growing pre-order

### Europe's largest private market investment platform , Crowdcube

Solivus is on a mission to power mega-buildings and homes with clean energy generated on-site using new thin-film solar, overcoming weight and aesthetic challenges. Solivus have a growing pre-order

### Solivus helps convert sunlight into savings in major warehouse project

In continuing in its mission to decarbonise the built environment, lightweight commercial solar pioneer Solivus recently completed a major warehouse installation for Astute Electronics.

## THE SOLIVUS ARC

The Solivus Arc® is clad in revolutionary thin-film organic solar fabric. This means it can be fully recycled at the end of its life - at least 20 years! The solar film has already been awarded several global

## Solivus scoops £2.4m for 'skin-like' solar panels fitted to

Solivus, a UK startup that has developed "ultra-thin" solar panels that can be fitted to rooftops, has secured £2.4m in a seed funding round.

## London-based solartech pioneer Solivus raises EUR2.8 million to

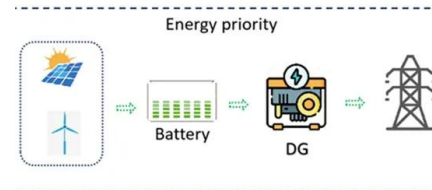

Founded in 2016, Solivus is on a mission to expand its network of solar power at the heart of the UK's energy generation. The London-based startup has just secured a EUR2.8 million

## Solivus raised investment

Solivus innovates using new lightweight solar solutions enabling commercial buildings to generate their own clean energy, while overcoming weight and aesthetic challenges. We have grown our revenue

## Commercial Buildings Energy Solution

Solivus are UK market leaders in delivering lightweight solar solutions for buildings that can't have conventional solar fitted due to weight or fixing constraints, such as: airports, warehouses, logistics

## Solivus delivers major UK solar installation at Farnborough Airport

Furthermore, Solivus' lightweight solar solution can be used on a wide variety of roof surfaces, are typically installed with no penetration of the roof itself and have much lower glare

- LiFePO<sub>4</sub>, Battery, safety
- Wide temperature: -20~55°C
- Modular design, easy to expand
- The heating function is optional
- Intelligent BMS
- Cycle Life: > 6000
- Warranty: 10 years

## Solivus our story , Clean energy for a sustainable future

Solivus are now UK category leaders in lightweight solar and have successfully installed lightweight solar solutions across a range of sectors: airports, warehouses, sports stadiums and modular cabins
