Attack Power formulas

The Attack Power Formula is different for each class, as the Rogue and Hunter also gains melee attack power from Agility rather than just Strength. Agility is also needed for ranged attack power, rather

Attack Power vs. Strength for a Warrior : r/classicwow

I've been trying to find information for warriors on attack power vs. strength. I'm comparing an item with 11 str vs. 14 atk pwr. I see that 1 STR = 2 AP. Does that mean that the item with 11 STR = 22 AP and

what's the difference between the stats of DPS and attack power

attack power is a variable that goes into calculating how much damage your attacks do. as a warrior you get almost all of your attack power from strength. as your AP increases, your

Warrior Damage/ Mechanics

If you are much higher level than the attacking caster, you will have a significant chance to resist the caster's spell, but if you are much lower level, you will have a minimal chance to resist the

Attack Power is still a thing? : r/wow

Warriors get attack power from the strength stat: +1 strength gives you +1 attack power. You can also get attack power from other sources. Your abilities and weapon attacks deal their damage based on

48V 100Ah
